"GOD'S HELPERS"
Acts 9:20-25 (25) "The UNKNOWN Soldier"
I. God and his Providence.
Paul recently converted.

After conversion he began to preach Christ... By
doing this he made many enemies.

They sought to kill him....

1. Disciples and friends hide him and keep him safe.

Paul had to go in hiding because of the opposition
against him. They had taken counsel to kill him,
The gates were watched day and night to see that
he did not leave the city. The soldiers were given
orders to lay hold on him... so it was Paul had to go
in hiding....

2. Escape over the wall.

there was a wall all around the city, the only way of
escape except through the gate was over the wall...
they purchased a large basket... one you will find in
use today by these people...

then a large long rope... the wall was very high at
this point...

It seemed that the soldiers were closing in on them
.. so the watchman comes to inform them of the soldiers
coming and no time to transfer Paul to another house.

When the signal is given we see the basket and the
rope being tied to the handels... Paul then steps into
the basket ... gives a quick farewell to his friends
and is lowered down. When he reaches the ground he
is met by someone and they hurry him off into the
dark to another place of hiding in his flight from
Damascus.

Thus it was through those helpers that started Paul
off on his glorious journeys....

Later we see him in the prison at Jerusalem; in the
stocks at Philippi; clinging to the mast in the
shipwreck; facing the angry mobs at Jerusalem;
Ephesus, Lystra, and Iconium... etc...
